

TABELLA SPREAD

Tasso di Cambio: Margini(*spread*) massimi applicabili

Il tasso di cambio viene calcolato da Western Union più volte al giorno, applicando un margine (o spread) al tasso di riferimento determinato dalla stessa Western Union sulla base dei tassi di cambio disponibili sui mercati valutari internazionali. Nella tabella sottostante sono riportati i margini applicati per singola valuta nella loro misura massima.

AFGHANISTAN	AFGHANI	1.50
